Academic Video Online

More Titles | More Exclusives | Build-by-Choice

With more titles (66,000+) and more exclusives (14,000+) than any other supplier, your library can enjoy the largest, most comprehensive video solution available, at a predictable annual cost. In addition, you also receive:

- **Build-by-Choice (Perpetual Rights):** At the end of each subscription term, your entire subscription cost is automatically applied towards owning perpetual rights to your choice of video titles. Most films offer this option, and you can utilize an entire year of usage data to make selections. The longer you subscribe, the more titles you own.
- **Media Hosting Service:** FREE to subscribing libraries. Upload an **unlimited** amount of locally produced streaming content, or content you've licensed from other vendors, and make it visible to your institution. Librarians set permissions, add metadata for discoverability, and permanently link content to their catalogs.
